### PLAN REVIEW AND PERMITTING PROCEDURES

Step 1. Permit documents and fees will be submitted to the city. Submittal documents should be complete (as outlined above) to expedite plan review (if applicable) and permit issuance.

Step 2. City staff reviews application and obtains any basic missing information. The Code Enforcement Officer/Building Official signs off on the application before it is sent to Bureau Veritas (BV).

Step 3. Once reviewer confirms receipt of the application and gives the project a number, city staff can then issue the permit from City Hall. This process usually takes 2-3 business days; however, it can take longer.

**\*\*\*If the project goes before plan review, PLEASE ALLOW AT LEAST 10 BUSINESS DAYS FOR APPROVED PLANS TO BE RETURNED.\*\*\***

**The City of Bandera does not dictate nor guarantee the turn-around time for permit issuance. We recommend the application be submitted well in advance of the proposed project start date, especially for in-depth projects.**

Step 4. When the permit is ready to be issued, the contact person will be called and informed it is ready. The permit must be signed for and the permit fee must be paid BEFORE the work can start.

Step 5. Once the job is complete, it is the responsibility of the contractor, resident, or property owner to call for the final inspection. The inspection request phone number is listed on the permit for convenience in this matter.
